DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/22/2008 has been entered.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1, 3, 5-9, 12-17, 19-23 and 26-32 are rejected under 35 U.S.C. 102(e) as being anticipated by Anderson et al., for reason cited in previous actions.

Response to Arguments

4. Applicant's arguments and declaration filed 09/22/2008 have been fully considered but they are not persuasive for reason already presenting in previous actions.

5. Regarding applicant's arguments, it is maintained that recommended dosage ranges, however one chooses to interpret them, are sufficient to represent relative recommended amount of each of the component, and thus, ratios/percentages of the components in the composition. The Declaration of Daczko does not change the statements of fact in the reference, regardless of applicant choice to interpret those facts on e way or the other.

The examiner finds that sufficient data is provided in the reference Table to provide a ratio of the components anticipatory enough to reject the present claims.

6. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
